# DECKHAND®

LIGHTEN THE HEAVY LIFTING WITH THE **DECKHAND®** PIPE-HANDLING SYSTEM — AN INTUITIVE SYSTEM THAT REDUCES THE NEED FOR GROUND PERSONNEL, INCREASING JOBSITE EFFICIENCY.

### The **DECKHAND®** Difference

*Handles pipe from a center and off-center position, reducing transfer time for each load.*

*Allows for 360-degree continuous rotation in either direction for more job flexibility.*

*Achieves +/- 19 degree tilt along the main beam to more easily match angled pickup or drop-off points.*

*Offers standard-equipped LED lights and horn to enhance operating safety.*

PIPE-HANDLING SYSTEM

Get it done in all conditions. The *DECKHAND*® HDD arms handle drill pipe in a range of surface conditions. *DECKHAND*® HDD arms can carry 3.5" (8.9 cm) to 9.5" (24.1 cm) diameter drill pipe, loading pipe on or off trailers, pipe racks or drill rigs.

## HDD Arm Advantages

*Handles drill pipe in a variety of surface conditions to maintain steady productivity.*

*Features load hold valves on grab arm cylinders to keep arms locked and loads secure in case of hydraulic failure.*

*Grips each load with v-shaped rubber lining on inner housings creating a tighter hold.*

*Features elongated arms to reach drill pipe from the pipe rack center.*

## Specifications

---

### **DECKHAND®**

Main beam size: 6" x 6" (15.2 cm x 15.2 cm)  
Excavator weight class: 20-36 tonnes (22-39 tons)  
Weight: 2892 lb (1311.8 kg)  
Shipping length (with stand): 93" (236.2 cm)  
Shipping width (with stand): 76" (193 cm)  
Shipping height (with stand): 82" (208.3 cm)  
Shipping weight (with stand): 3714 lb (1684.6 kg)

### **DECKHAND® HDD Arms**

Weight: 800 lb (362.9 kg)  
Capacity: 11,000 lb (4989.6 kg)  
Shipping length (with crate): 40" (101.6 cm)  
Shipping width (with crate): 32" (81.3 cm)  
Shipping height (with crate): 44" (111.8 cm)  
Shipping weight (with crate) 1300 lb (589.7 kg)
