

# PRE-OWNED PROGRAM

## JOBSITE ISSUES. CREW ISSUES. PROJECT DEADLINES.

Let's face it — you already have a lot of things on your daily checklist. Don't you owe it to yourself to consider reducing unpredictable equipment repairs from that list?

The Pre-owned Vermeer Confidence Plus® program is a new solution for the used equipment market that can help the machine remain productive long after the initial purchase. It helps you manage expenses — and offers peace of mind. The Vermeer Confidence Plus program is eligible to be included in a finance contract if sold with a qualifying machine, and it may also be added to any finance contract with appropriate documentation.

### Machine inspection

Before pre-owned Vermeer Confidence Plus program coverage is granted, eligible machines are subject to a comprehensive inspection performed by a Vermeer dealer service technician.

### Protection

You can customize the pre-owned Vermeer Confidence Plus program coverage term, coverage limits and scope of coverage to meet your needs.

### Coverage

Wherever your work takes you, you can rely on the many Vermeer dealers to provide you with the support you need.
