Vermeer® EMEA region now represents Vermeer sales, parts, service in Russia

GOES, NETHERLANDS – Dec. 2, 2016

Vermeer Corporation announced today that the Vermeer EMEA (Europe, Middle East and Africa) regional office now is the dealership of record serving customers in Russia and the CIS. Vermeer officials announced the new representation, as Vermeer EMEA begins managing the territory in Russia and CIS formerly represented by Vermeer East and Vermeer RusService.

“The Vermeer EMEA team provides extensive expertise in sales, service and parts for Vermeer customers throughout Europe,” said Bob Shuman, managing director for the Vermeer EMEA regional office. “Whether you’re looking to buy new or used horizontal directional drills, HDD tooling, or machines used in tree care, landscape or other industrial construction equipment, the Vermeer EMEA team can help you choose what’s best to get your jobs done,” Shuman said.

“Plus our expansive new parts center in Europe now makes it quicker and easier to get parts for your Vermeer machines,” he said. “For added convenience, count on Vermeer EMEA to provide service on your Vermeer machines in the shop, or on the go with mobile service available in the field in many locations.”

To learn more about Vermeer products and services available in Russia and CIS, visit (<https://www.vermeer.com/EM/ru/N>) or call +79037112814. Our Russian speaking Vermeer representatives can also be reached by email at russia@vermeer.com

About Vermeer

Vermeer Corporation delivers a real impact in a progressing world through the manufacture of high-quality underground construction, surface mining, tree care, environmental and agricultural equipment. With a reputation for durability and reliability, that equipment is backed by localized customer service and support provided by independent dealers around the world.
