

LANDSCAPING EQUIPMENT THAT WORKS AS HARD AS YOU DO.

And there's
MORE
where that came from.

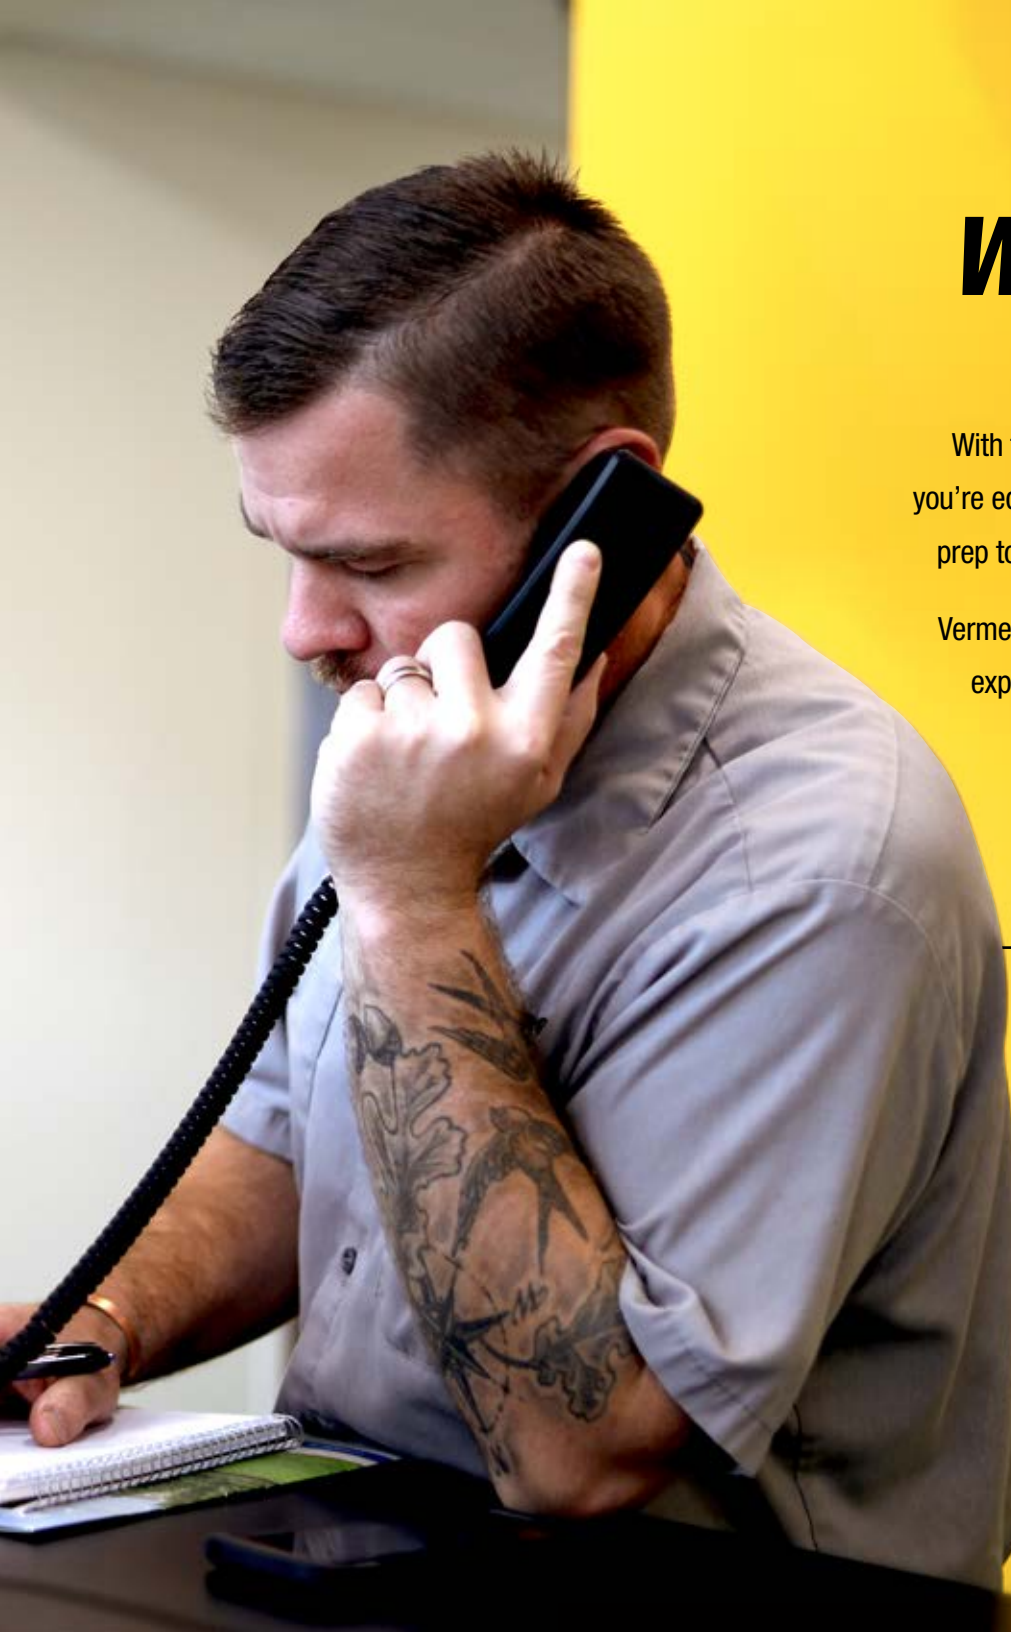

YOUR IMPORTANT WORK CALLS FOR THE RIGHT EQUIPMENT

Known for durability and versatility, our equipment lineup and attachments help you tackle more types of work all year round.

Vermeer mini loaders and compact articulated loaders (ATXs) can perform countless tasks with a wide variety of attachments while tough jobs are no match for Vermeer brush chippers, stump cutters and trenchers.

A man with a beard and a tattooed arm is sitting at a desk, talking on a black corded phone. He is looking down at a tablet or notebook on the desk. The background is a bright yellow wall.

DO MORE WITH EXPERT SUPPORT

With the support of an experienced dealer network, you're equipped for every stage of the job — from site prep to final installation of hardscapes and greenery.

Vermeer dealers offer more than equipment. They're experienced industry pros who want to help grow your business. Connect with your local dealer for comprehensive parts and service, on-site support and equipment insights.

“I've had good dealings with our [Vermeer] sales representative and service manager. The nearest location is a couple of hours away from us, but that has not been an issue because they come to me when I need help.”

*— Ross Moore,
Red River Outdoor Living
Paris, Texas*

MINI LOADERS

READY TO TAKE ON MORE JOBS

Powerful enough for challenging work. Compact enough to fit through backyard gates. Versatile enough to tackle every phase of a project. Vermeer mini loaders are engineered to do more, combining efficient engine performance and impressive lift capacity to power through long days and tough jobs.

The cushioned chariot-style operator station is designed for protection and fatigue reduction — keeping you comfortable, secure, and focused from first light to last load. And with toolless engine access panels, routine maintenance charts and a spring-tensioned greaseless track system, upkeep is simple — allowing you to stay focused on the job.

The bottom line? These mini loaders are **equipped to do more.**

Mini loader models include:

ML80, ML100, ML130 and ML150.

ML80

ML100

“The ML100 has been an excellent addition to our fleet, offering significantly more power and much smoother operation. It performs reliably and hasn't let me down, so I highly recommend it.”

– Russell Myers,
Arborcare by Myers
Granger, Iowa

COMPACT ARTICULATED LOADERS

BUILT FOR VERSATILITY

Completing the wide array of tasks demanded on cramped jobsites — without disturbing the existing landscape — requires the right machine and the right attachments. Vermeer compact articulated loaders (ATXs) are a dependable solution with a telescopic boom that allows you to **accomplish more tasks with less maneuvering**.

These loaders are known for their ease of use, ability to access tight spaces and low turf disturbance. Whether you're landscaping, performing tree care work, removing snow or doing other important work, the versatile attachment plate connects the ATX with the right tool for the job.

ATX models include:

ATX530, ATX720, ATX850 and ATX960.

ATX530

ATX720

“ [The ATX] makes us quicker and more efficient. Plus, it saves our energy ... Since we got it, we’ve used it every single day on at least one job. ”

**– Robbie Sisson,
Sisson's Tree Service, LLC
Stillman Valley, Illinois**

THE RIGHT ATTACHMENT ***AT THE RIGHT TIME***

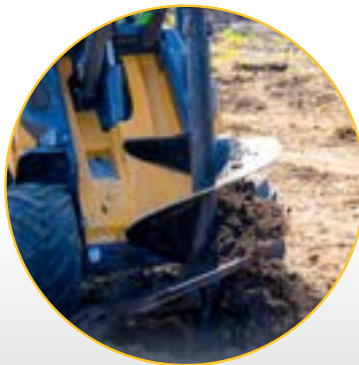

The more types of work you can do, the more jobs you can earn. Designed for maximum versatility, the universal mounting plate on Vermeer mini skid steers and multi-tool attachment plate on compact articulated loaders (ATXs) help you tackle a variety of tasks – from site grading to spreading mulch and more.

Looking for something new for your work? Your Vermeer dealer can help you find the attachments you need year-round.

A COMPLETE LINEUP FOR LANDSCAPING WORK

Need to clear tree debris or install irrigation systems? Yellow iron can finish those jobs too.

Vermeer brush chippers are engineered with exclusive features that deliver ease of operation and high performance, like the patented SmartFeed feed-sensing control system that enhances productivity by optimizing efficient hardwood processing.

As the inventor of the stump cutter, we also know a thing or two about clearing stumps. And with a lineup engineered for power and agility, there's a Vermeer stump cutter for every job.

Make precise cuts for irrigation installations with Vermeer pedestrian trenchers, featuring intuitive steering design and a choice between tires or tracks.
