604N/605N Cornstalk Special Balers

:30 Second Radio:

It takes a special baler to withstand the rigors of baling cornstalks.

The new 604N and 605N Cornstalk Special balers from Vermeer are up to the challenge.

Smart features like an optional auto-lube greasing system help prolong machine life – while the E-Link Pro Display puts information like bale weight at your fingertips.

And an optional Inline ramp helps you move bales off the field up to 30 percent faster.

When it comes to cornstalk baling – get in line with the new 604N and 605N Cornstalk Special Balers from Vermeer.

Come see us today at _____ in, _____ and see for yourself. These balers are special.
